

Health and Safety Statement for OP Services

The company is fully committed to deploying its Health and Safety Policy to ensure the highest practicable standards of Health and Safety in its undertakings.

This commitment extends to its employees, contractors under its control and any other person who may be affected by its operation.

The company will aim to comply with all relevant statutory provisions and will take competent advice to comply with any changes in legislation that may be appropriate to the company.

The Health and Safety Policy shall be enforced through the management team and brought to the attention of all its employees. Safety awareness of the employees decreases the potential for accidents and the threat to Health and Safety standards.

The Health and Safety Policy shall be reviewed and amended periodically to keep it current and up to date.
